- 3. begets maturity and increases self-esteem**

Problems that teenagers face:

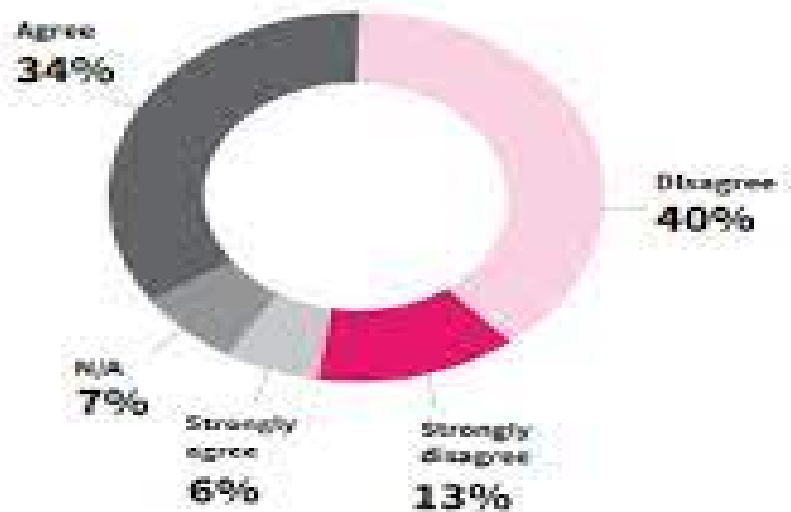

How did covid-19 drown teenagers?

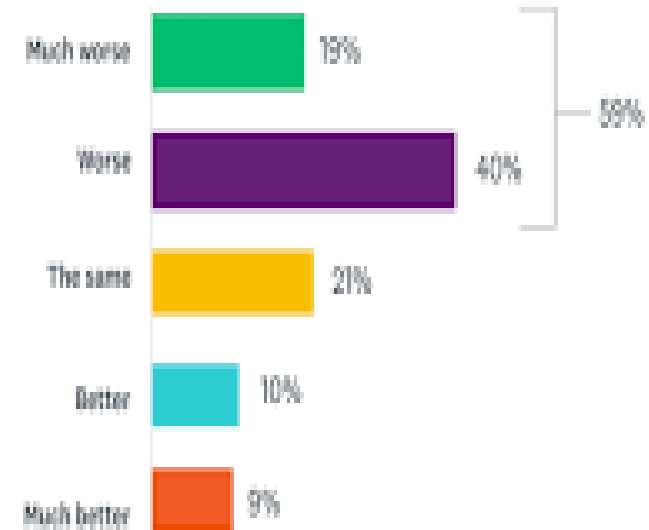

Statistical data

The online learning experience is
engaging inside the classroom.

Percent of teens who say online learning is ...
compared to in-person schooling

Source: Common Sense Media/SurveyMonkey poll, August 20-27, 2020, N=890 teens age 13-17

The port explosion “ripped apart people's homes, as they were in them”, says Dr Olivia Shabb, a clinical psychologist at the American University of Beirut.

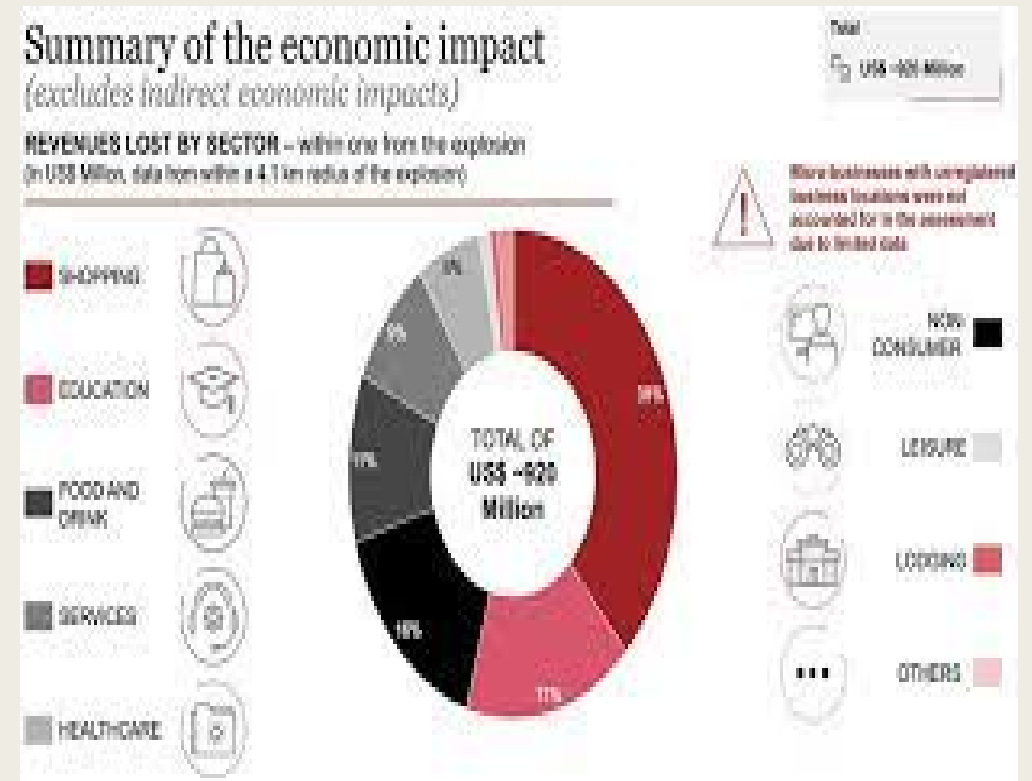

What print has been left on Lebanese youth after the explosion?

- The decrease in education opportunities.
- Future poverty and failure
- higher rates of suicide.

Economical crises taking place in Lebanon and its major effects on teenagers :

- Limits in job opportunities.
- Banks are imposing unprecedented controls on cash withdrawals.
- salary slash.
