*“The sky is full of stars and there is room for all of them to shine”*

*“Teenagers are the most misunderstood people on the planet . They are treated like children and expected to act like adults”*

*“Habits formed at youth make all the difference later”*

# PROBLEMS

## 1.SOCIAL PROBLEMS

- bullying
- peer pressure
- sexual activity

According to the National Center for Education Statistics, about 20% of teens in the U.S. experienced bullying in 2017.<sup>6</sup> One explanation the research has cited for this is the rise of social media use by teens, which has made bullying much more public and more pervasive. In fact, cyberbullying has replaced bullying as the common type of harassment that teens experience.<sup>7</sup>

Of the 20 million new sexually transmitted diseases each year, more than half were among young people between the ages of 15 and 24.<sup>1</sup>

o adolescent fertility rate (births per 1,000 women ages 15-19) in Lebanon was reported at **13.95 % in 2019**, according to the World Bank collection of development indicators

Adolescent Pregnancy Outcomes Across Countries

Abortion, birth and miscarriage rates vary widely by country.

\*All estimates are for 2011 except the Netherlands (2008), Belgium and Slovenia (2008), and Sweden and the United States (2019).

## PEERPESSURE

ninety percent of teens reported having experienced peer pressure, while 28 percent reported that their social status was boosted after they gave in to peer pressure

## 2. Psychological problems

- depression
- anxiety
- mental illness
- addiction

Between 2009 to 2017 rates of depression among kids ages 14 to 17 increased by more than 60%

These rates were among youngest and oldest, high and low incomes, high and low education levels
